Hi Briana,

You are correct. The currently approved labels are only for tomato – which matches the eCFR tolerance citation for tomato.

Thanks.

Good morning Mike and Debra,

I'm sure I'm missing some background and with this being an OP, I wanted to consult with you two first before providing Trish with any definitive answer. Could you shed some light on this chemical?

Many thanks,

Briana

Good morning Trish,

While I haven't worked on fosthiazate, it may be one of those chemicals that hasn't yet been formally assigned to someone. I'll check with Debra and Mike as to the status and get back to you.

Best regards,

Briana

Good morning, Briana –

I was wondering if you happen to work on fosthiazate?
